I CHIARO SCURI

RIFLESSI MEDITERRANEI

Giovanni DeMaio

te non resistete
ele con le vostre dita, se
oso del decoro in rilievo, sentite
el Bello.

E' un'esperienza di ricordi e colori. Un susseguirsi di immagini mediterranee, di ricami e segni di ieri rivisitati con la sensibilità del nostro tempo.

La tridimensionalità delle forme gioca con la tridimensionalità delle emozioni: ceramiche belle da vedere, da toccare, da vivere.

Perché è di ceramiche che stiamo parlando, ma sarebbe più esatto dire prodotto esclusivo.

If you look at them, you will not resist, you will want to touch them.

Feel them with your fingers, follow the winding path of the relief decoration, feel the pleasure of Beauty.

Let yourself be surprised by the pleasure of discovery.
It is an experience of memories and colours, a succession of Mediterranean images, with memories and signs of the past, reinvented with the sensibility of our times.

The three-dimensionality of shapes plays with the three-dimensionality of emotions:
Yes, we are talking about tiles, more precisely about an exclusive product.

Попробуйте придвинуть два элемента к себе эту последовательность в большом пространстве. Результат удивительный и гармоничный. Они одновременно и гармонично старинные.

Lasciatevi sorprendere dal piacere della scoperta

Se le **guardate** non resisterete, vorrete toccarle.

Sfioratele con le vostre dita,
seguite il percorso sinuoso del decoro in rilievo,
sentirete il piacere del Bello.

È un'esperienza di **ricordi** e colori.

Un susseguirsi di **immagini**
mediterranee, di richiami a segni di ieri

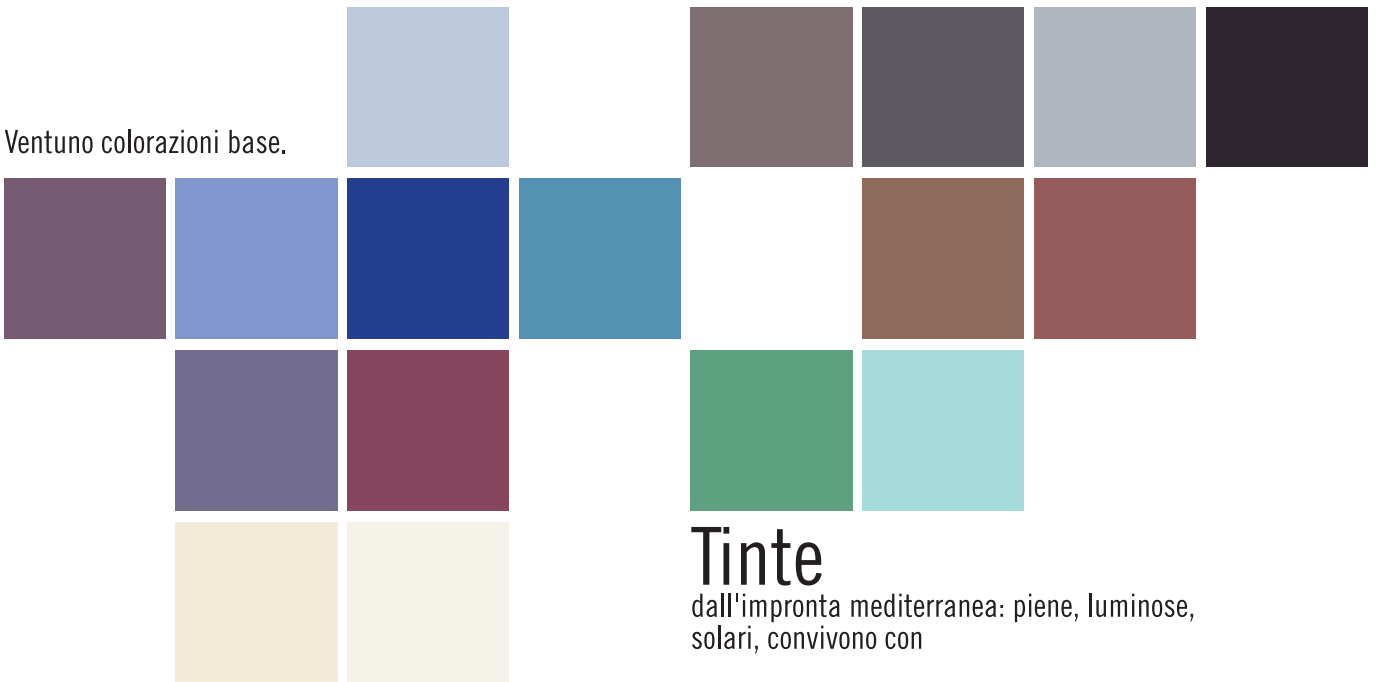

rivisitati con la sensibilità del nostro **tempo**

La bellezza si contempla, si esalta, si ammira.
Ora potete toccarla con mano.

Il **colore** ha carattere,
comunica sensazioni, influenza piacevolmente la nostra quotidianità.

Ventuno colorazioni base.

Tinte

dall'impronta mediterranea: piene, luminose,
solari, convivono con

nuances

aromatiche di spezie, essenze, frutti maturi.

Accanto a queste, colorazioni metropolitane, calde
nella loro freddezza, contemporanee, forti, ricche.

Ne IChiaroscuri Giovanni De Maio
ogni colore racconta una storia.

Let yourself be surprised by the pleasure of discovery. It is an experience of memories and colours, a succession of Mediterranean images, with memories and signs of the past, reinvented with the sensibility of our times.

The three-dimensionality of shapes plays with the three-dimensionality of emotions: tiles beautiful to see, to touch and to live. Yes, we are talking about tiles, more precisely about an exclusive product.

I Chiaroscuro De Maio are unique, unrepeatable pieces, handcrafted, one by one, with passion and skill.

Shapes, shades and patterns to be combined and arranged to tailor one's own taste and style. But not only.

I Chiaroscuro is a decor that creates unique and unrepeatable environments.

A versatile collection that opens up new avenues of creativity, able to combine fantasy and style. This is the new vision of elegant spaces, of environments that are open to the joy of living.

The beauty admires and celebrates itself. Now you can touch it.

21 colours EN

Tone-on-tone, opaque background, decoration in shiny relief. The light plays with the textures of the lines, enhances the shadows and curves giving a new vision to each new look.

Try to put two elements together and imagine this sequence that is repeated in a wide space. Our eyes are caught by the spirals, leaves, geometric lines endlessly chasing each other.

Traits that are so archaic and modern at the same time, all exclusive.

In De Maio I Chiaroscuro the decorations of the most ancient Mediterranean tradition come alive in a new version, simple and linear.

An embroidery that is rich because it is unadorned, elegantly bare. Definitely precious in its sobriety.

The overall result is surprising for the harmony of design that gradually develops in manifold variations.

Попробуйте придвинуть два элемента и представить себе эту последовательность в большом пространстве. Результатом будет удивительный и гармоничный ансамбль во всех своих вариациях. Все изображения эксклюзивны. Они одновременно современные и в то же время старинные.

I Chiaroscuro нашей фабрики дарят возможность снова "прожить" декоры старинной средиземноморской традиции в новом, линейном ключе. В то же время эта плитка как дорогая и прекрасная вышивка, поражающая своей простотой.

Раздел, посвященный цветам

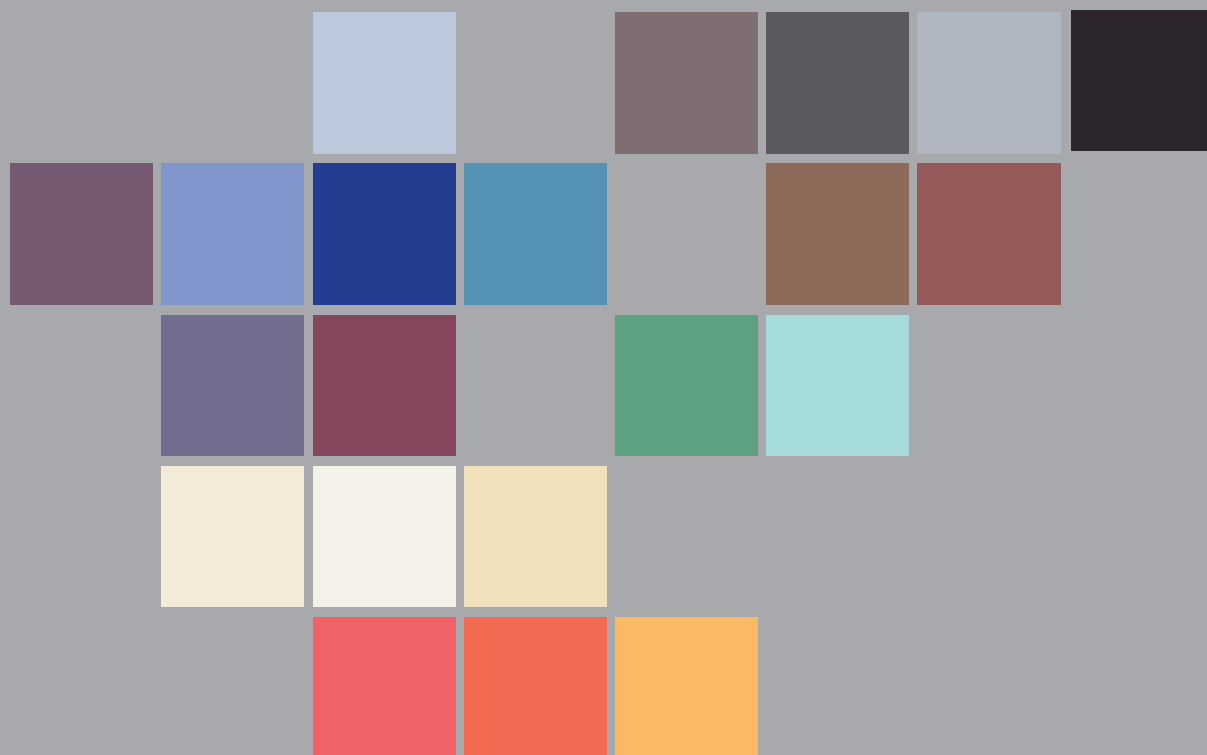

Свет отражается в богатых красках и воспламеняется в контрастах. Он создает магию цветов. Цвета обогащают формы, а формы - пространство. Цвет, передающий ощущения, благотворно влияет на нашу жизнь.

Существует 21 основных окрасок.

Это средиземноморские цвета, полные света и солнца.

В наличии есть также городские, современные, сильные и богатые цвета.

В Chiaroscuro De Maio каждый цвет рассказывает свою историю.

I Chiaroscuro Giovanni De Maio

При взгляде на эту плитку Вы не сможете устоять перед тем, чтобы до нее дотронуться.

Это незабываемый опыт погружения в цвета, череду средиземноморских изображений, в отражение прошлого, переосмысленного через чувствительность нашего времени.

Трехмерность форм играет с трехмерностью эмоций:

на эту плитку приятно смотреть, до нее приятно дотрагиваться, с ней приятно жить.

Это эксклюзивный продукт.

I Chiaroscuro фабрики Giovanni De Maio это уникальная плитка, произведенная ремесленным способом, одна за другой, с любовью и мастерством, среди которой Вы можете найти различные формы, тона и декоры, которые впоследствии скомбинируете согласно Вашему вкусу и стилю.

I Chiaroscuro

это универсальная коллекция, открывающая новые пути к креативности и способная объединить фантазию и стилистическую строгость.
